Impermeable soils
Steepness of catchment
Rural runoff
Polytunnel runoff
Holding pond design
Volume of water in channel
Gulley drainage
Property damage
Bow waves
Amount of impermeable surface
Urban runoff
Inappropriate development
Maintenance of surface drains
Housing design
Property damage
Sewage contamination
Vehicle damage
Amount of water on roads
Merryweather (Glenfields, etc…)
Crafts Way & Archer's Field
Pump capacity/power
Culvert design
Culvert capacity
Ponding of surface water
Size of surface drains
Overwhelmed sewers
Amount of surface water
Road closures
Ropewalk
The Sump
Sewage contamination
Inappropriate development
Amount of impermeable surface
Urban runoff
Amount of surface water
Culvert design
Barriers to water
Danger to pedestrians
Property damage
Damage to businesses
Vulnerable people trapped
Halloughton Road
Nottingham Road
Church Street
Potwell Close
Property damage
Vehicle damage
Culvert capacity
Traffic disruption
Culvert design
Volume of water in channel
Traffic disruption
Risk to life
Vulnerable people trapped
Property damage
Vehicle damage
Culvert design
Emergency access to other areas of town
Road closures
Amount of water on roads
Volume of water in channel
Channel maintenance
Channel capacity
